For the information of FBI Laboratory, Document Section, and the Identification Division, Latent Fingerprint Section, since August, 1990, U.S. Congressman HENRY J. HYDE's Office in Addison, Il., has received regular correspondence from what appears to be the same source. Prior to the outbreak of hostilities in the Persian Gulf, these letters were non-threatening. Since the start of the Persian Gulf War, Congressman HENRY J. HYDE's Office has received two letters of a threatening nature, those enclosed. At that time, the FBI was notified. Letters written prior to notification of the FBI were destroyed.

The letter postmarked 1/21/91, was handled by Congressman HYDE's entire office before being turned over to the ADDISON POLICE DEPARTMENT, Addison, Il. The letter postmarked 2/19/91, was opened by the investigating Agent and was handled only by the investigating Agent, at all times wearing gloves.
